Josef Teller Bridges

For more than 100 years now, our family has a tradition of manufacturing bridges for instruments.

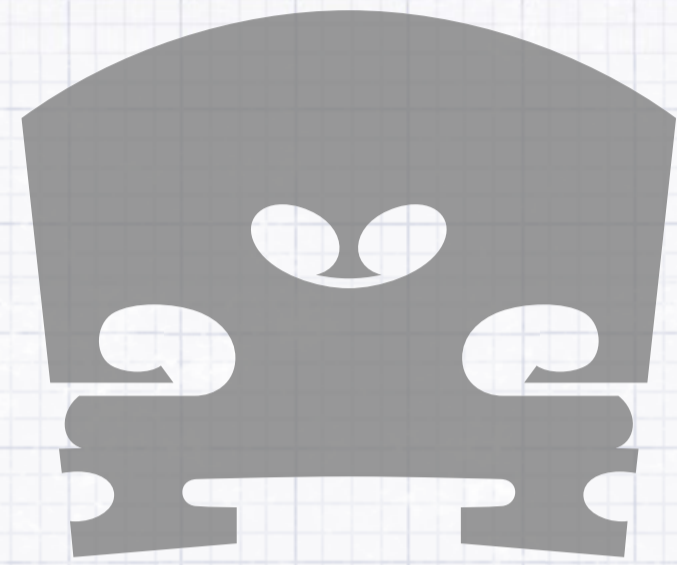

Therefore we consider ourselves real experts in our most important product. We guarantee as follows:

- best *Bosnian Maple* personally chosen by my father and me in the Bosnian forests
- up to several decades of storing the wood in our lumberyard for a natural process of aging
- completely manufactured in Bubenreuth
- the quality of every single bridge is selected by my father and me by hand
- we also take care of your special needs and wishes
